

BBM Clair is one of Europe's leading providers of event technology. Not only do we look after renowned international touring acts, but as a service provider for all types of event and media technology, we are also professionals for festivals and corporate events. To expand our team, we are looking for a:

Event Technician RF and Communications (m/f/x)

Location AudioRent Clair GmbH, Hertzstraße 73, 13158 Berlin
Type of employment Full-time, permanent position

Your tasks:

- Head of RF and Communications Department.
- Function and quality control, maintenance and, if necessary, repairs of the event technology.
- Goods incoming / outgoing and stock control with the help of our planning system.
- Inventory, control and quality assurance of the event technology and consumables belonging to the department.
- Design and setup of complex RF and communication systems.
- Frequency coordination by use of intermodulation analysis software (e.g. WSM, WWB).
- Testing of coaxial cables and antennas with a Vector Network Analyzer.
- Assistance with RF/Intercom trainings.
- Creating documentation and setting global company standards for RF/Communication devices.
- Observation of new developments on the market.
- Collaboration and coordination with the Preparations and Warehouse Manager.
- Cooperation and coordination with the corresponding departments of the worldwide subsidiaries.

What we request:

- Completed apprenticeship as an event technician or at least 3 years of professional experience in the event industry.
- In-depth knowledge of wireless microphone and in-ear monitoring systems.
- In-depth knowledge of communication solutions including 2-wire, 4-wire and mixed systems.

- Ability to program Motorola 2-way radios using MOTOTRBO CPS and the Remote Management Software Suite.
- Being able to convey information and ideas in writing, in person and by telephone ("troubleshooting").
- Technical understanding and interest in learning new technologies.
- English (spoken and written).

What we offer:

- A permanent position in which you can work independently and contribute your ideas to day-to-day work.
- Working at eye level in an international team.
- A collegial, respectful and humane working environment in which the "we" has the greatest importance.
- The possibility to participate in regular training courses in all specialist areas (with a focus on sound).
- Advancement opportunities (national/ international).
- Different working time models (100% or 80%).

You are welcome, no matter where you come from and who you are!

We know that sometimes people don't apply for a job, because they think they have to cover all the skills listed in the job specification and are put off when they don't. What is important to us in the first place is that you have core competencies, are motivated, want to develop and learn, and that you fit into the team. Everything else will develop and build up in cooperation. We offer regular training courses in all specialist areas (with a focus on sound).

If you are interested in that position, we're looking forward to receiving your application. Please use following email-address:
